# 1. HELHa

The full name of the company is Haute École Louvain en Hainaut with his acronym “Construis ton avenir”.

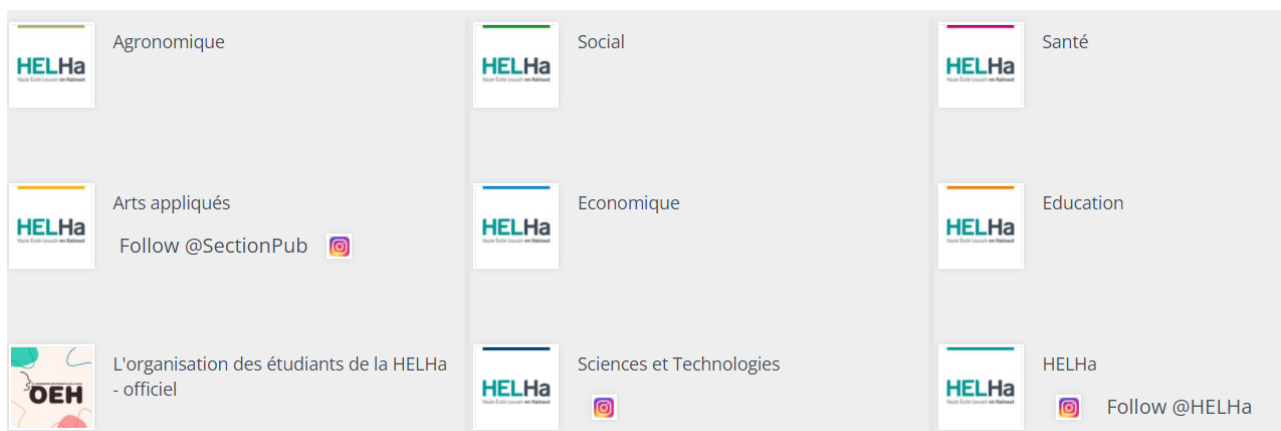

## 2. Logo

- ✓ The logo of HELHa features a label, the same as the one on all HELHa's product.
- ✓ The letters are in two different colors (cyan and grey) on a transparent background. There is the full name written in the middle and a multicolored line in the bottom of the label.
- ✓ Its shape is as simple as it could be with a rectangular design and a clean style. There are not clear boundaries.
- ✓ There are two parts on the label, probably a symbol of the collaboration between Louvain and Hainaut.
- ✓ The words “Haute École Louvain en Hainaut” show that they claim the fact that this is a school with a partnership between a Belgian city and province.
- ✓ Each field of studies has his own logo with a different colored line on the top of the logo (see picture in point 3. Types of activities)

## 3. Type of activities

HELHa (Haute École Louvain en Hainaut) offers bachelors, masters, and specializations in seven fields of studies in fifteen locations.

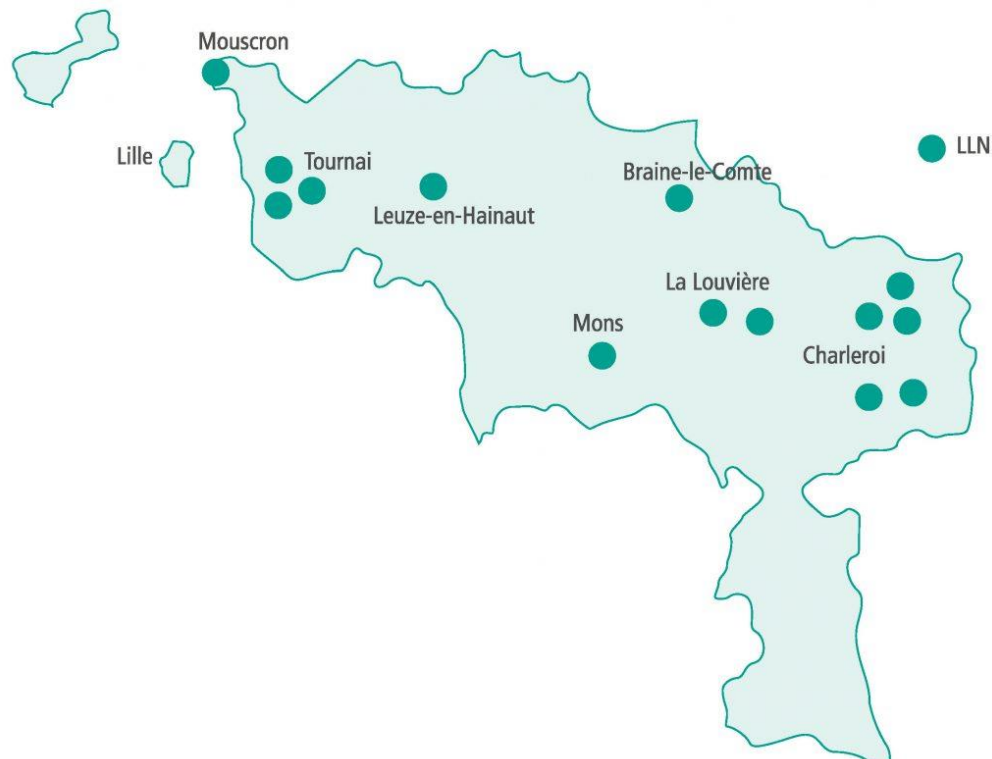

## 4. Location and different sites

As mentioned in point 3. Types of activities the enterprise is located in fifteen places that are in Louvain-la-Neuve and in Hainaut.

The precise locations are the following: Braine-le-Comte, Charleroi, Gilly, Gosselies, Jolimont, La Louvière, Leuze-en-Hainaut, Louvain -la-Neuve, Loverval, Mons, Montignies-sur-Sambre, Mouscron and Tournai (Don Bosco, Joan of Arc, Social).

All the accesses are very simple because it's a school. So you just need to follow some panels.

Here it's the map with all implantations:

## 5. Activities in details

Helha provides solid formation to the students. The sciences and technologies field give the possibility to work for enterprises in the entire world from the second year to the last one. This section is also giving an overview of the active life.

The school is also giving job to his students if they want to postulate for the place.

Technicien de laboratoire chez Université libre de Bruxelles	Santé	Anderlecht	

There is also the HELHa Research, Study, and Continuing Education Center who was created in January 2019. CeREF, in short, is the result of the merger of the various existing research and continuing training centers within the High school. The center is organizing training for professionals.

This structure's mission is to develop its research activities to ensure the development, conservation, and transmission of knowledge and the cultural, artistic, technical, and scientific heritage.

The CeREF is made up of 7 cells. These 7 cells are the continuation of the corresponding domains of HELHa.

## 6. history and development

HELHa is the result of the merger, on 25 June 2009, of the three Catholic High school located in the province of Hainaut:

- 1) “Haute École Roi Baudouin”
- 2) “Haute École Libre du Hainaut Occidental”
- 3) “Haute École Catholique Charleroi-Europe”

HELHa is a free confessional high school, subsidized by the Wallonia-Brussels Federation, whose establishments are in the province of Hainaut. Mons became the home of HELHa. HELHa is a regular among the top universities in the national rankings of Belgium.

Pay attention, do not confuse it with UCLouvain, an independent university institution. The term “Louvain” appearing in the name of the high school refers to the Louvain Academic Pole of which HELHa is a partner.

Here is the law that shows the creation of HELHa:

*Lois 34358*

**p.1**

**Arrêté du Gouvernement de la Communauté française portant  
création de la Haute Ecole Louvain en Hainaut - HELHa et  
reconnaisant et admettant aux subventions les formations  
organisées par cette Haute Ecole**

**A.Gt 23-04-2009**

**M.B. 25-06-2009**

**Modifications :**

**A.M. 07-11-11 – (M.B. 19-12-11)**

**A.M. 13-11-12 (M.B. 11-12-12)**

## 7. Financial aspect

The school is very fine financially because a lot of students and professionals come from all over the world to follow formations at Helha.

A lot of professors received a new PC at the start of the year, and the technic and sciences department win a contract with a big enterprise (“subside giver”) to build new laboratories. With the goal to make new formations. Furthermore, the technical department in Mons as now is own 3D printing machine.

Finally, we can say that HELHa’S turnover is growing every year.

## 8. Staff

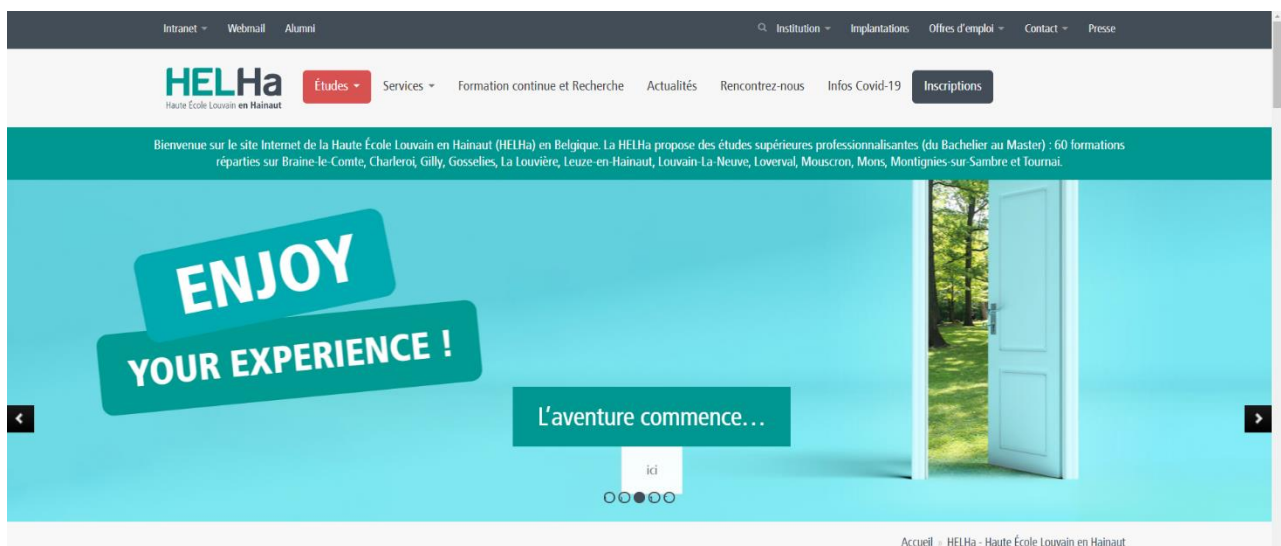

HELHa is medium in scale so at HELHa the academic staff counts 999 various specialists.

## 9. About this Company’s website

The HELHa’S website is easy to use. You can access every information you want without effort. It can be for an Erasmus, the intranet (to see the planning, the mails, etc.), job, etc.

The site is very well design, and he is attractive. Unfortunately, there is only a French version of it.

Here there is a picture of the homepage:
